## learn & play

### BABYPLUS® PRENATAL EDUCATION SYSTEM

Give your baby a strong head start. BabyPlus® is introduced as early as 18 weeks of pregnancy, and encourages your baby's cognitive development through a set of safe, simple sound lessons. These sounds are patterned after the mother's heartbeat, the one language the baby can recognize at this early stage of life because it's the only true and consistent sound of the prenatal environment. This auditory exercise strengthens learning ability during the developmental period when the advantages will be most significant for a child. \$149; [www.babyplus.com](http://www.babyplus.com)

### SOUNDSLEEP CDS

A 60-minute audio CD featuring new “wombeffect” technology that helps babies to stop crying, feel more secure, fall asleep faster, and stay asleep longer. \$19.99; [www.soundscience.us](http://www.soundscience.us)

### MUSIC IS...MATH!

Newly launched for ages 0 to two is an advanced brain training audio CD series that uses revolutionary new Music/Math modeling. Musical tones absorb into the baby's brain, giving him or her a head start in understanding the concepts of spatial relationships, mathematics, symmetry, and motion. \$39.95; [www.soundscience.us](http://www.soundscience.us)

### LETTER & NUMBERS ICE TRAYS

These trays are constructed of FDA-approved silicone, so they work in the freezer, fridge, or oven. Spell out “I Love You” in ice letters, teach little ones to count with Jell-O numbers, or say “Happy Birthday” in shortbread cookies—the possibilities are endless. ## meal time

### BOON SQUIRT: BABY FOOD DISPENSING SPOON

The Squirt baby food dispensing spoon allows for convenient feeding, one bite at a time. The easy-to-fill bulb holds up to three ounces of baby food and attaches firmly to the spoon end. By combining the spoon and food container into one product, Squirt makes one-handed feeding a snap. \$7.99; [www.booninc.com](http://www.booninc.com)

### BOON BENDERS: ADAPTABLE UTENSILS

When first-time eaters start using utensils, their motor skills are not fully developed. Benders adaptable utensils were designed to help make the transition to regular utensils a little

easier. Parents can position the adjustable end to the perfect angle to accommodate the child's grip. As motor skills develop, adjust little by little, until straightened. \$5.99; [www.booninc.com](http://www.booninc.com)

### BOON SNACK BALL: SNACK CONTAINER

Kids and parents will love this fun, sphere-shaped snack container. The rigid form protects snacks from being crushed, making the Snack Ball great for travel. Two halves unscrew for easy cleaning and the lid snaps in place to keep snacks inside. \$6.49; [www.booninc.com](http://www.booninc.com)

### KABOOST PORTABLE CHAIR BOOSTER

A “Chair Booster” that raises the chair rather than the child so that a toddler can feel like they are part of the entire mealtime experience. KABOOST snaps onto any four-legged chair in seconds. Lightweight and portable KABOOST only weighs 3.5 lbs, but can hold up to 300 lbs! \$37.95, Travel Bag \$9.95; [www.kaboost.com](http://www.kaboost.com)

### K1 HIGH CHAIR FROM KUSTER

The most stylish mealtime accessory around, this elegant chair is deceptively practical. The K1 is durable, easy-to-clean, and grows with your child until they are about six years old. Made from high quali-
